

WHAT ?

We have a situation
That we never had before
It's not a rumble in the jungle
It's a rumble in the core

It's a rumble in the core
It's not a rumble in the jungle
It's a rumble in the core

And do you know what
I think we must face our fears
To overcome our fears
Yes we know we're gonna die
But what do we fear the most when we're alive

Chorus

What? x3
What do we fear the most when we're alive?

What? x4
What do we fear the most when we're alive?

What? x2
What do we fear the most when we're alive?

What? x3

I wanted to be
An architect of rhymes
Inside the plant
Where all is banned
I wanted to be
A messenger of love
Where words come out
Hand in hand
Yes we know we're gonna die
But what do we fear the most when we're alive?

Chorus

What x2
What do we fear the most when we're alive?

What x2
What do we fear the most when we're alive? X3
