

## LOVEPEACE

THE SEA OF QUESTIONMARKS IS DEEP...DEEP...

I'm asking you about your aspiration in life  
and what it takes for you to succeed,  
I'm asking cause I really wanna help you out  
focusing your wildest dreams

A straight talking journey  
letting go of all the strings  
all banks are burning  
so we just gotta go

we just gotta go x2 go go

The tempting cherries you're putting on my plate  
its not enough to make me change  
I'll write a letter to my local DJ  
and make him play your song

Look out,  
let your love rule burning fools x4

Throw me the ball now  
tell me your name  
throw me the ball now  
let's start this game

Look out,  
let your love rule burning fools x4

Ran into a love detector full of hope  
he told me that I shouldnt worry  
there's plenty love for all in this planet's core  
we're just gotta look inside

for love peace & understanding  
lovepeace & understanding  
for love peace & understanding  
we just gotta look inside

I got burning love for burning fools  
burning love for human fools  
I got burning love for burning fools  
burning love for human fools

No mail for noboddy,  
no message, no nothing.  
only the ugly image of the messenger  
jumbling on our heads, to compleet our defeat... Human fools... Love peace and understanding..
