

OUT OF CONTROL

I wonder what happened to
Hopes and dreams in average youth
Now they play with machine guns all around the world
I wonder where their minds have gone
Living lives without sun
Spending all their time,
Being the baddest
The meanest
Virtual killers

The world is upside down
Led by an emperor without clothes
The kids are gunning down their classmates
Just for fun
To put it on instagram

They mix up games and reality
Created by a greedy industry
And nobody is telling them
That one they will have to pay
The price

Suddenly they all grow up
Adults seeking hope and trust
But all the skills in love were lost
Forever
And all the people at the top
Don't know what's going on
So everything is breaking down
The engine's falling off

They certified the guns
Gunning down single moms
Certified an industry of violence and disrupt
Ohh

Netflix is the devil laughing
At a fading god
And we are all participants
The children in the mud
Ohh

And did you know
That it was God that put man on the moon not Kennedy The world is upside down...x2
